

Illinois House Bill 1797 The Repeal of Illinois' Last Pro-Life Law

The following has been made available from our friends in the *Northern Illinois District of LCMS and Illinois Lutherans for Life*. It's been abbreviated for use in a church bulletin. If you want to read the original, you can google "*Illinois Right to Life*" and find it on their website. This serves as a reminder that we need to call out to our Lord Jesus Christ, who alone can change the hearts of our legislators. Prayerfully consider contacting your representative to oppose SB 1797.

PROTECT OUR MINOR GIRLS: Abortion advocates in the Illinois legislature have introduced a bill that will usurp the rights of Illinois parents, put the health of minor girls at risk, end the lives of countless preborn children, and protect human traffickers and sexual predators. HB 1797, introduced this week, would repeal Illinois's last remaining pro-life law: The Parental Notification of Abortion Act. Contact your legislators now and ask them to vote NO on HB 1797. Let them know that repealing our parental notification law will put our young people at risk, protect sexual predators and human traffickers, usurp the rights of parents, and end the lives of countless unborn children. Tell your friends, relatives, co-workers, and others about this deadly bill and encourage them to contact their legislators, as well.
