

The abortion industry and their friends in the Illinois legislature are *trying to repeal the Illinois Parental Notification Act (PNA)*. This law requires that an abortion clinic notifies a minor's parent 48 hours before performing an abortion on his or her daughter. Since this law was enacted abortions on minors have dropped an average of 1,078 per year. This is the last **Pro-Life** law remaining in Illinois!

Please pray that our Lord will change the hearts of our Illinois lawmakers.
